

EXPLORE LONDON

By River to Maritime Greenwich

Wed 06 May 2026

On arrival in London the day will start with a short coffee break at the Royal Festival Hall before boarding a Thames catamaran clipper for the 45 minute sightseeing journey passing several London landmarks along the River Thames to Greenwich.

Greenwich is renowned for its rich maritime history, grand buildings designed by Christopher Wren, royal connections (birthplace of Tudors), and its designation as a UNESCO World Heritage Site, blending science, history, and stunning riverside architecture. Once there we make our way to the Old Royal Naval College buildings that are the centrepiece of Maritime Greenwich.

Colin will guide a brief tour of the Heritage Site (optional) after which you have free time for lunch and the opportunity, at your own pace as time permits, to visit any of the following which are free to enter: The Chapel of St Peter & St Paul, The Queen's House Art Gallery and the National Maritime Museum. Others to visit at your own expense are: the Painted Hall, the Cutty Sark, the Royal Observatory and the Visitor Centre. Our return journey by coach leaves Greenwich at 4.15pm.

Places are limited so early application is advised.

Coach departs 9.15am from Wonersh (first pick-up)

Cost £42.00 p/person

Organiser/Leader: Colin Frost

APPLICATION FORM & PAYMENT MUST BE RECEIVED BY WED 25 March 2026 LATEST
